Mr. Martin Hestmark  
U. S. Environmental Protection Agency, Region VIII  
ATTN: Rocky Flats Project Manager, 8HWM-RI  
999 18th Street, Suite 500, 8WM-C  
Denver, Colorado 80202-2405

Mr. Gary Baughman  
Hazardous Waste Facilities Unit Leader  
Colorado Department of Health  
4300 Cherry Creek Drive South  
Denver, Colorado 80222-1530

Gentlemen:

In the Operable Unit 1 (881 Hillside) wetland meeting held April 1, 1993, we committed to provide certain information to your staff by April 15, 1993. We agreed to provide: (1) a survey map of the wetland area, (2) a cross-section of the wetland area, (3) information on acquisition of cattails for planting, and (4) the expected date cattail planting will occur. The survey map and the wetland cross-section show the proposed area for planting and the species to be planted. In addition to cattails, soft stem bulrush, common three-square, and sandbar willow will be planted to provide diversity. We are experiencing problems locating a local source of cattails with sufficient quantities, and have identified another potential source in Montana. Assuming availability of cattails from these sources, planting is expected to occur by mid-June.

Copies of the survey map and cross-section were delivered to your staff on April 15, 1993. If you have any questions, please contact Paul Singh of my staff at 966-4651.

Sincerely,

James K. Hartman  
Assistant Manager for Transition  
and Environmental Restoration
